Sports Regulation: FOOTBALL 5

Each team must be present at the sports venue minimum 30 minutes before the start of the game to avoid delays in the games.

The general regulation followed is the FIFA regulations as advised by EuroEsade Sports Association. In any particular case of confusion, the English text will be regard as decisive. English text regulations:

http://www.fifa.com/mm/document/affederation/generic/51/44/50/futsallawsofthegameen.pdf

However, the important points to bear in mind are mentioned below:

1. Match duration: 20 minutes
2. Referee sheet: A maximum of 12 players are to be shown on the Referee Sheet for a Futsal Game.
3. Reserves: There are 5 players in the pitch, and a maximum of 7 in the bench, one coach and one assistant, a doctor and a physiotherapist. A translator may be present behind the bench. All the persons present in the bench must also be mentioned in the referee sheet. If one of the players isn't mentioned in the referee sheet it is not allowed to substitute a player. For the persons on the bench, they must wear a different color of shirt.
4. Official table: The free space in front of the official table is to be kept clear. It is not allowed to disturb the persons at the table during the games.
5. Time out: The teams are entitled to request a time out during each half of the game but only by ball possession. No substitutions can be made for time out and the goal keeper can't be changed. The request of a time out must be made at the official table.
6. Extra time: There will only be extra time in the quarterfinals, semi-finals and finals. In the previous matches to the rounds mentioned above, penalties will decide the winner. If the result is the same after the first five penalties, it will be repeated by the

same exact order until a winner comes out. At the third series of penalties, the golden goal rule applies. If a team scores a penalty and the other fails, there is a winner.

7. Protection: Players can wear shin guard (leg protectors) during the whole futsal competition. Jewelry and piercings must be taken off.
8. Forfeit: in case of abandon, 5 minutes delay in accordance with the match official time, or refusal to play, the result of 0-5 is acknowledged to the opponent. If a team refuses to play more than once it will be taken out of the tournament and all match results of the team will result in 0-5 for the opponent.
9. Misconduct: Any player or team that carries on an act of unsporting misconduct during the tournament shall be reported in writing to the head of delegation. Furthermore, the organization can exclude them from the competition.
10. Suspension: Punishments during the game. Any player who is given two yellow cards during the game receives a red card and is suspended during the remaining time of that match, but he/she may be replaced by another member of the team two minutes after or before if the opponent team scores a goal. The same procedure is followed if the player receives a direct red card instead of 2 yellow cards. If there is the unusual case that both teams are with 4 players in the pitch, then two minutes must pass before the fifth player gets in the game.
11. Ranking system: The actual tables of the male and female championship will be published two weeks before the start of the game.

*We have reserved the rights to change any competition system depending of participation.
